

# Locca Door Access

## ...the simple way forward

### Locca Access is ideal for offices, the disabled and housing associations

Incredibly easy to install and use, **Locca Access** is the electronic system that unlocks your door with a single click. **No external reader required.**

Up to 19 keys can be stored, making it ideal for offices, shared residences, shops: in fact, anywhere that your security is important.

- Up to 19 remote keys
- One touch programming
- Range of up to 50 metres
- Rolling code technology
- Durable and reliable
- No training required
- Complete with 2 **DDA Suretouch** remote keys

### Locca Multi is ideal for offices, hotels, apartments and housing associations

Uses the same cutting-edge technology as **Locca Access** to unlock the door with a simple click, but with many added benefits. **No external reader required.**

Up to 999 keys can be stored, making it ideal for offices, shared residences, shops: in fact, anywhere that your security is important.

- Up to 999 remote keys
- One-touch programming
- Range of up to 50 metres
- Rolling code technology
- Durable and reliable
- No training required
- Complete with 2 **Lifestyle** remote keys

Connecta lets you speak to visitors from anywhere in your home or office and can unlock the door to grant access when integrated with **Locca Access** or **Locca Multi** systems

### Locca Connecta

Using the same cutting-edge technology as **Locca Access** and **Locca Multi** systems the **Connecta** wireless door bell can answer your door via remote handsets or if required using **Locca Access** or **Locca Multi** to unlock the door.

- Up to 5 extra remote handsets can be added
- 'Plug and Play' plugs into a standard wall socket
- Range of up to 200 metres
- Rolling code technology (when linked to **Access** or **Multi**)
- Stylish and compact
- Remote handset, wall or freestanding, complete with charger
- No need for electrician
- Talk between handsets
